# Visual Feature Guide

Published — revision 1, 2026-10-30 23:31 (UTC+08:00)

REVISION NOTE

Initial published visual guide with auto-captured evidence

PLATFORM

Windows PowerShell

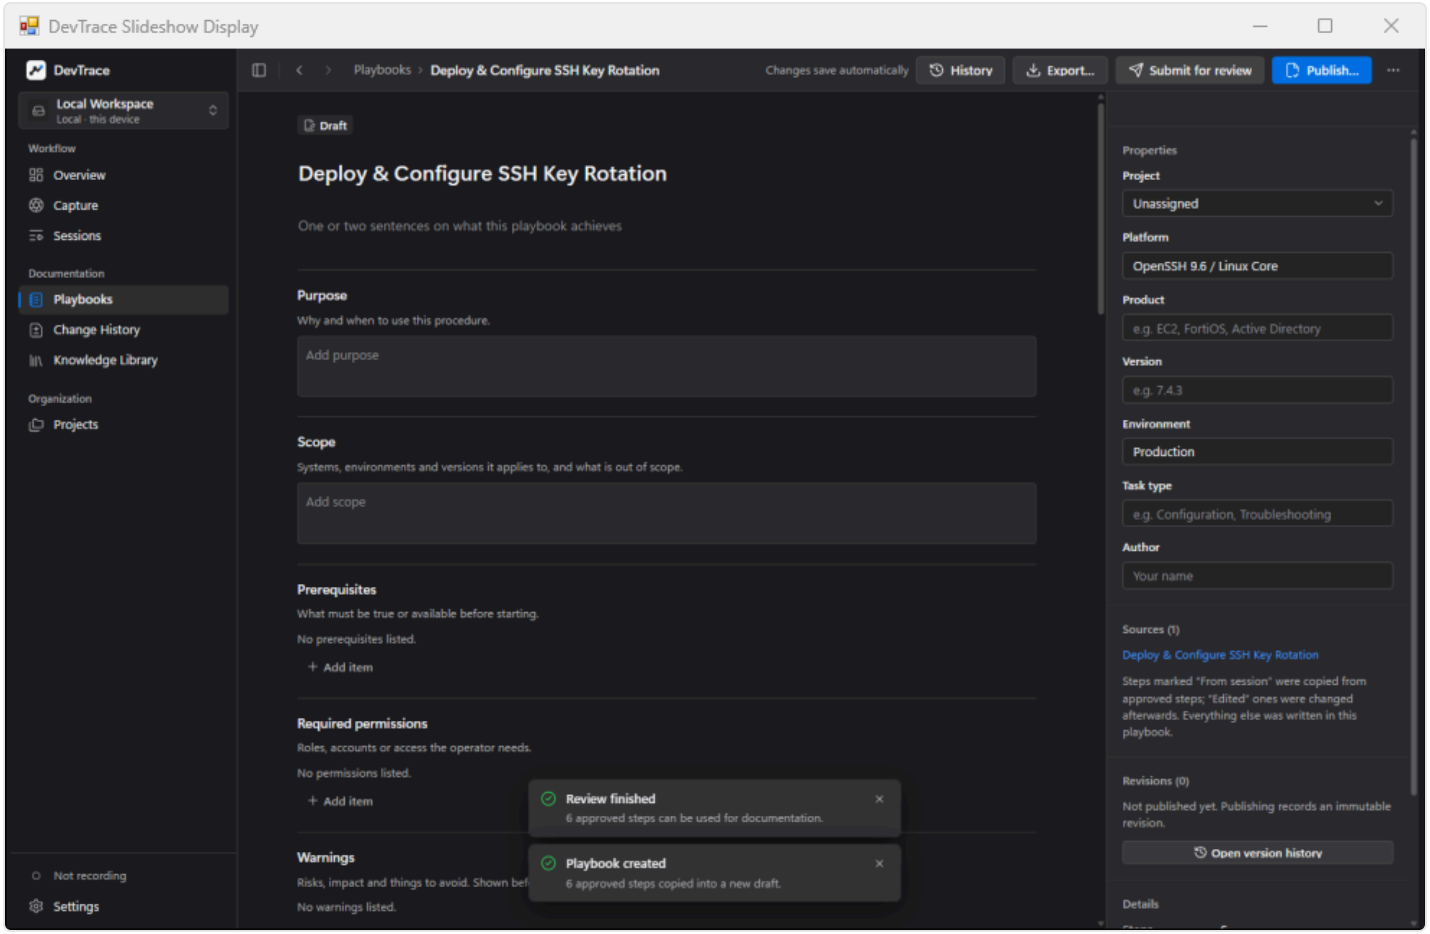

## Purpose

Complete engineering reference showcasing DevTrace's automatic screen-change capture, terminal transcript logging, and versioned multi-format export capabilities.

## Steps

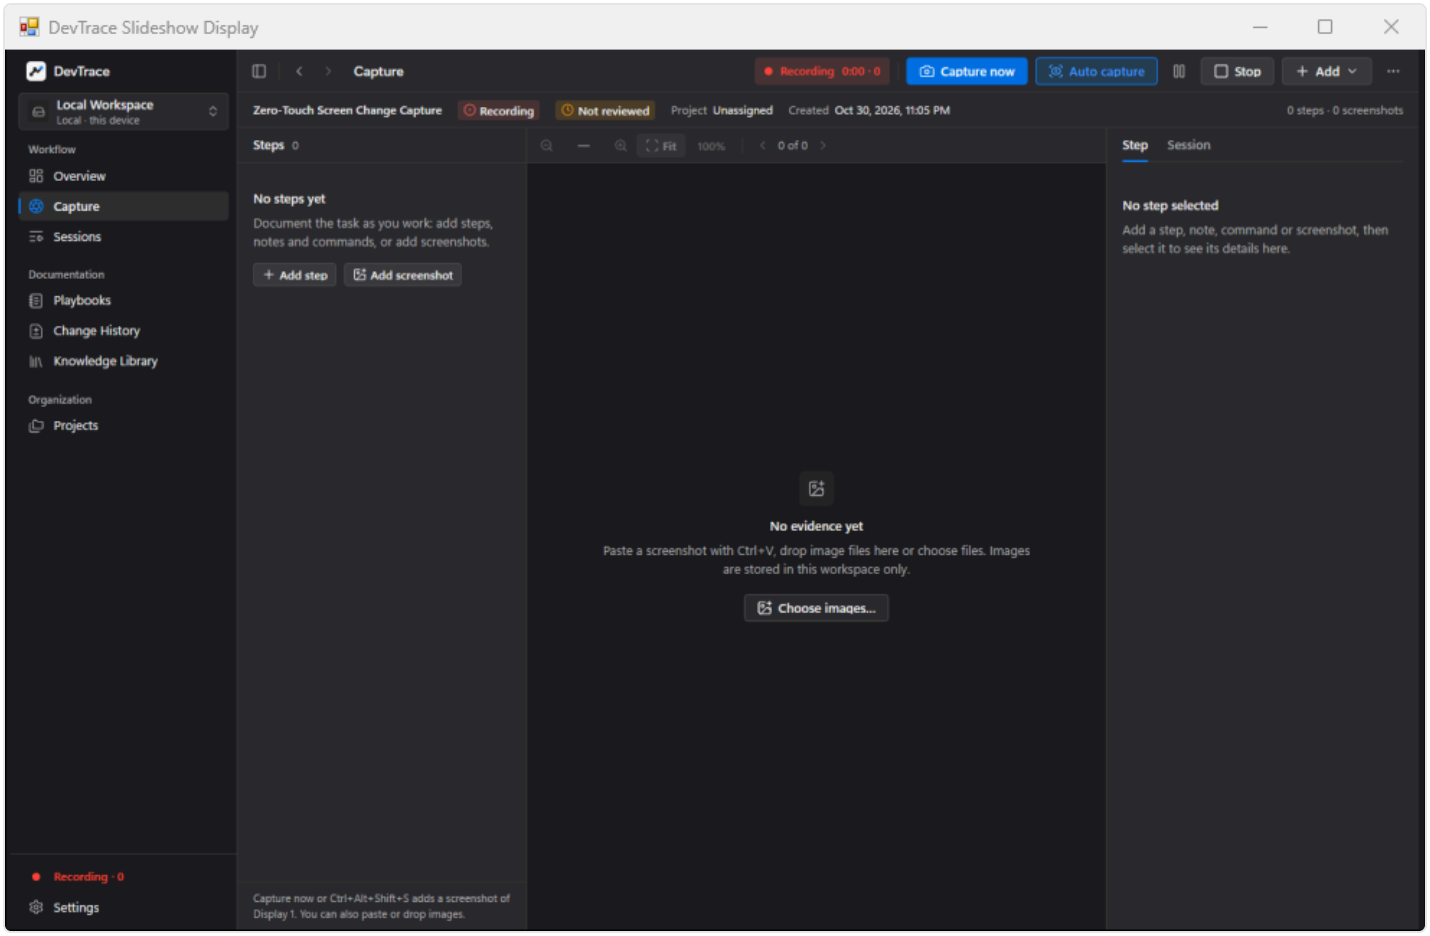

### 1 Screenshot of DevTrace Slideshow Display

From session “Visual Feature Guide” (captured screenshot)

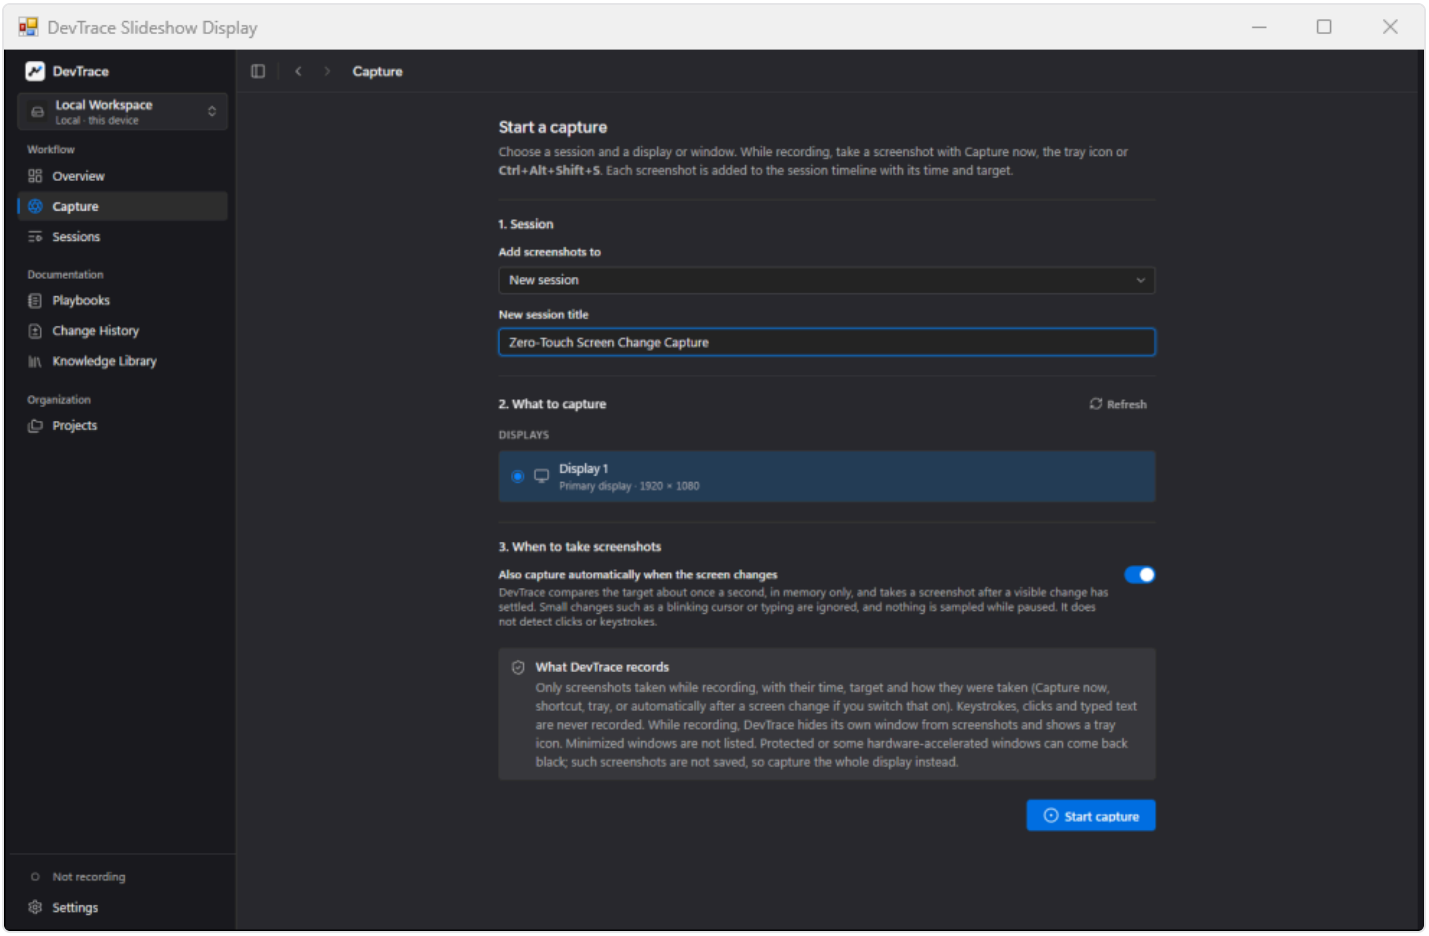

## 2 Screenshot of DevTrace Slideshow Display

From session “Visual Feature Guide” (captured screenshot)

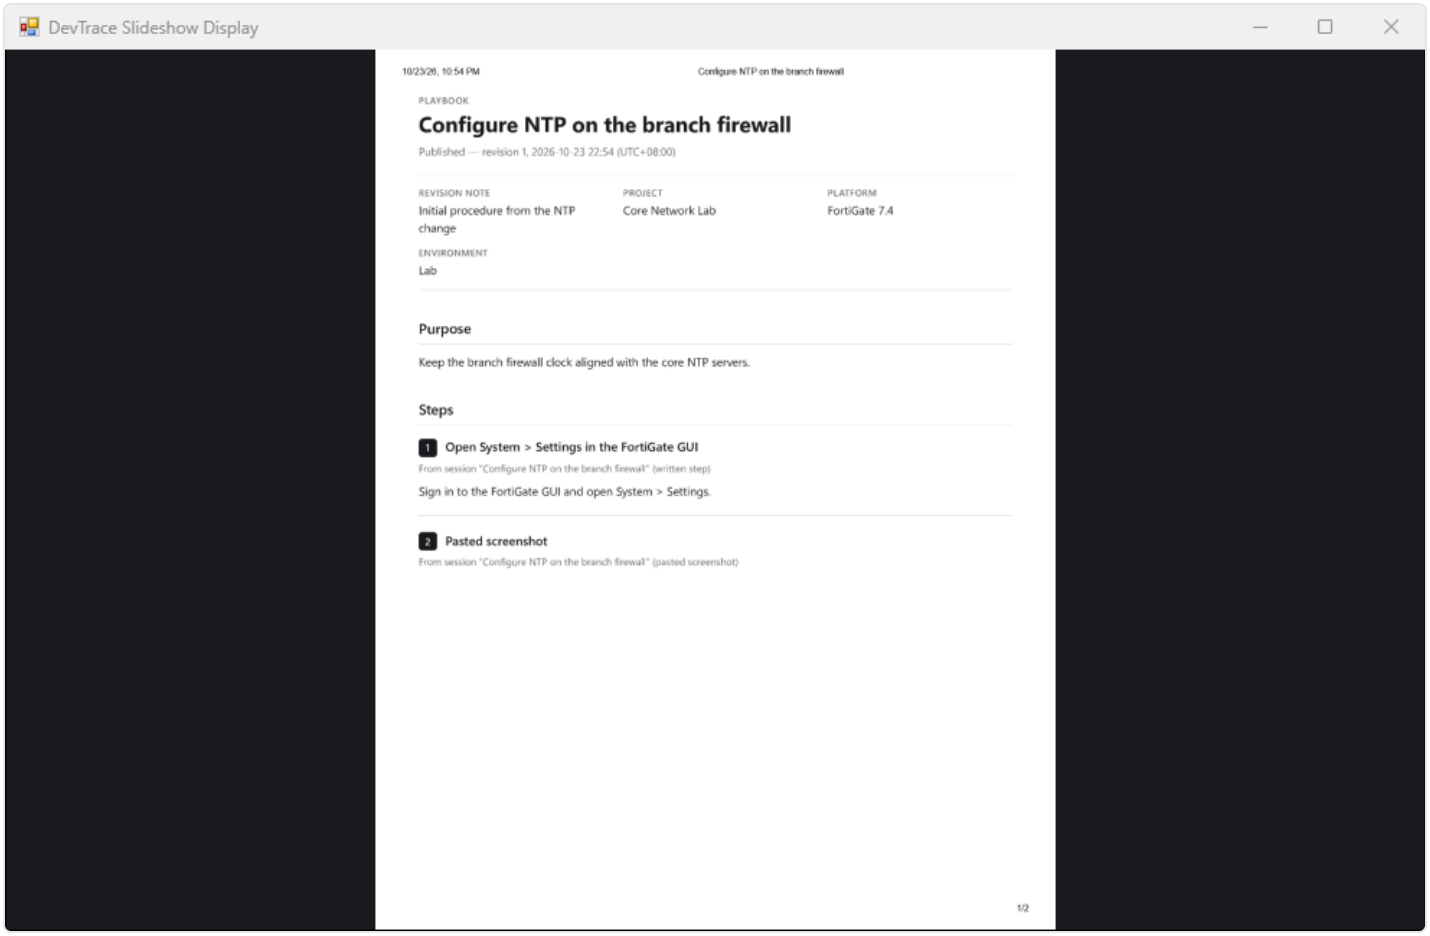

## 3 Screenshot of DevTrace Slideshow Display

From session “Visual Feature Guide” (captured screenshot)

## 4 Screenshot of DevTrace Slideshow Display

From session “Visual Feature Guide” (captured screenshot)

Exported from DevTrace 0.1.0 on 2026-10-30 23:31 (UTC+08:00) (playbook 01a18d70-3a3e-7710-a210-a0e9710b7ca7). Step sources: steps “from session” were copied from approved session steps, steps “edited after copying” were changed afterwards, and everything else was written by the author. DevTrace never adds verification results: verification items are checks for the reader to perform.
